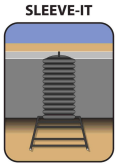
Sleeve-It® SD-1



Sleeve-It® SD-1 is a pre-engineered fence post anchoring solution for fences placed on top of a segmental retaining wall (SRW). Sleeve-It® SD-1's patent-pending design allows stable fence footings to be integrated into the SRW while it is being constructed. Sleeve-It® SD-1 replaces the wildly successful Sleeve-It® 1224R unit.

PROPERTY	TEST METHOD	ENGLISH	METRIC
Weight	Measured	7 pounds	3.18 kg
Base Height	Measured	1.5 inches	3.81 cm
Depth	Measured	30.6 inches	77.72 cm
Height	Measured	23.4 inches	59.43 cm
Lid Aperature	Measured	9.4 x 7.4 inches	23.876 x 18.796 cm
Volume		1.673 cf	1.673 cf
Width	Measured	15.3 inches	38.86 cm
