Spray Adhesive

J-DRain J-Spray 50 is an industrial-grade aerosol adhesive in a portable spray system. **J-Spray 50** is formulated to adhere to protection courses, drainage composites, insulation, air and vapor barrier membranes, waterproofing membranes and thru-wall flashings to a variety of substrates. It contains no chlorinated solvents and offers an excellent alternative to methylene chloride based products. **J-Spray 50** is a fast and economical solution to most building envelope component adhesive requirements.
